To Whom It May Concern:

We are the Beekeepers Association of Southwest Florida. We are currently planning club raffles for remainder of this year that will bring revenue for reinvestment in our club's activities and operational costs (i.e., club apiary maintenance, hosting educational opportunities for the general public and offer mentoring for new beekeepers). Since 2008, our club has been taking a hands-on approach through meetings, mentoring and hosting public events to spread the knowledge and stewardship of beekeeping. We could use your help to continue our efforts.

Would you be willing to donate beekeeping supplies, protective equipment, jars or gift certificates to help our cause? Beekeeping related is nice, but other items also work well as raffles and door prizes.

We'd be happy to provide acknowledgement at meetings, across our web and social media platforms in exchange to show how much we appreciate your donation.

Thank you for being a part of our community and our efforts.
